

Welcome to Mary Ann's Book Corner

After years of service on the missions field - to introduce the French speaking world to Jesus Christ, we would like to introduce you to some excellent Christian literature that can change lives for Jesus Christ. As part of Bibles & Literature in French, we ask you to pray for the Francophone world - to come to know Jesus as Savior and Lord. *—Russ & Mary Ann Miller*

On this edition of Mary Ann's Book Corner, we are featuring the book "The New City Devotional: God's Truth for our Hearts and Minds" by Gospel Coalition's editorial director, Collin Hansen and Redeemer Presbyterian Church of Birmingham, Alabama. This book was just released in 2018 by BLF Éditions in French as "Nouveau catéchisme pour la cité: 52 méditations pour s'attacher aux vérités de Dieu" along with Evangile 21.

Here is a short description of the book:

For centuries, the Church has used catechisms to teach doctrine. In our society where beliefs are constantly being redefined, learning biblical truths together through questions and answers has become so much more urgent and pertinent.

"The New Catechism for the City" wants to bring this old practice back to the heart of Church life. The text is an adaptation of the catechisms of Geneva, Westminster and especially Heidelberg. This resource is centered on the Gospel and summarizes in 52 questions and answers the principle Christian doctrines while helping the reader to be transformed by these truths.

Each question is followed by the answer from an appropriate biblical passage, from a commentary of a historic figure (Augustine, John Calvin, Martin Luther...), from a contemporary commentary (Henry Blocher, John Piper, Tim Keller, Kevin DeYoung...) and by a short prayer.

"The New Catechism for the City" can be used in a great variety of contexts to encourage believers to meditate and to cling to the truths that are the essence of the Christian faith.

Please pray that those who read and study this book will truly understand the doctrines of the Christian faith and will become firmly established and able to share and help others understand what the Bible teaches.

Editor Collin Hansen
