

“The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.” Luke 10:2 **Fall Greetings from the Zurfluhs – Oct. 2011**

Fall is harvest time for the farmers...but we know the “harvest” for souls is all year long. After summer vacation time, BLF’s staff in Europe is back at “full speed ahead.” Keep them in your prayers.

Praise the Lord that **John Looney** has arrived in France for a one-year term in the publication/distribution plant. A Sept. TEAM will soon be ministering both in the plant and with France for Christ pastors in village churches. PRAY for both the staff and all of the Fall TEAMS. (Check the BLF website for more details.....at www.blfusa.org)

Annie Baziuk, appointee, has over 80% of her needed support and the process of applying for a visa has begun. **PRAY** for God’s timing for the visa and full support for her move to France.

Annie is from a church here in So. California where we had presented the ministry of BLF. Two TEAMS have gone to France from this church and now Annie has heard God’s call. (God has answered your prayers as you have had a part in praying for us and our “outreach” over the years. PTL!

IMPRESSION TEAM_____opportunities are “wide open”...Check the website and contact BLF for more details. **PRAY** for the Fall Impressions TEAMS who will be in the plant as well as local villages distributing the Word of God.

FAMILY News: Jesse and Sara were here over Labor Day so we celebrated Jesse’s birthday early. Ryan is always very busy at his computer. Alyson has started her senior year at BIOLA U. and is working in the BIOLA Library. Robyn, David and David IV have moved to Idaho. We are looking forward to their visit in Oct. and always look forward to an “iChat” to see little David’s latest accomplishments! (Crawling, laughing, “talking” (trying, anyway).

FALL Opportunity....We will have our BLF display at Village Covenant Church in Azusa Oct. 2nd.

Please continue to **PRAY** for Lisa (French-speaking nurse at the Cancer Center). I had occasion to speak with her recently. PRAY the seed that has been sown will fall on good ground...that she and her husband will read the N.T. and book I gave her over a year ago. We are praying God’s healing touch in my life will be a witness to both doctors and nurses who have had a part in caring for my medical needs.

With our love and thanks,

Walter and Nancy Zurfluh
